Dear Haocheng,

The reviewing of your submission #1324 entitled "P-Shapley: Shapley Values on Probabilistic Classifiers (Revision Submission)" to PVLDB is now complete. We are delighted to inform you that the Review Board has found your manuscript suitable for publication in PVLDB. Congratulations on the acceptance! We trust that you will find the reviews and the meta-review, which are both available on CMT, helpful in producing the final, camera-ready version of your paper. The Proceedings Editors will soon be in touch with you regarding the process for uploading the final version – please get ready by preparing it now. Thank you for your interest in PVLDB, and we look forward to receiving your final, revised manuscript, and, hopefully, hosting you at VLDB 2024 in Guangzhou, China. Congratulations again on your achievement!

Best regards,
Meihui Zhang and Cyrus Shahabi
